### CD3: Quality Policy Statement

Sotech Ltd operates from two main locations for the manufacture of metal rainscreen cladding and architectural fabrications. Quality management is regarded as an integral part of the proper management of all the undertakings over which the company has control or influence.

Sotech Ltd is dedicated to ensuring:

- Total company wide commitment to ensuring quality of both products and service
- Compliance with requirements of ISO 9001 and to continually improve the effectiveness of the quality management system.

In order to meet these aims, Sotech Ltd shall:

- keep up to date with best practice in relation to quality management
- to ensure, so far as is reasonably practicable, that those who undertake work on our behalf apply the highest standards of Quality Management;
- give a high priority to quality, health, safety and the environment in all our operations;
- provide the necessary resources to implement our policies and keep them up to date;
- provide the necessary equipment and training for the tasks to be performed;
- regularly review the policy, communicate this within the organisation, ensuring understanding and make available to other interested parties;
- review set quality management objectives and targets for achievement.

Sotech Ltd commit to the provision and maintenance, of an effective QHSE management system for a safe and healthy working environment (ISO 18001), reduced environmental impact (ISO 14001) and provision of goods and service that meet or exceed customer expectations (ISO9001). We require the full and active participation of all our employees in order that the principles outlined in this policy statement may be achieved.
