

 Attractive appearance whilst retaining metal character

 LCA, expected lifespan of more than 80 years

 Low maintenance (Easy to clean)

 High solar reflectivity, Cool Buildings

 20 year guarantee on all colours Qualanod

 Easy to recycle (Cradle to Cradle)

 Durable, corrosion-resistant and colourfast

 40 year guarantee on all colours BS 3987

 Easy to reuse (Circular Economy)

# ALUMET

## Sample book

### Pre-treatment

CODING	PRE-TREATMENT	
E0	No pre-treatment (VB0)	Anodizing for industrial applications
E1	Grinding (VB1)	Light grinding for matt etching, smooth surface
E2	Brushing (VB2)	Light grinding and brushing, visible brush marks
E3	Polishing (VB3)	Polishing without removing surface marks
E4	Grinding + Brushing (VB4)	Grinding and brushing, shiny, small brush marks
E5	Grinding + Polishing (VB5)	Light grinding and polishing, smooth shiny surface
E6	Chemical matt etching (VB6)	Matt etching

### Anodising

CODING	LAYER THICKNESS	
A5	5 micron	Indoor use
A10	10 micron	Indoor use (standard indoor use)
A15	15 micron	Outdoor use
A20	20 micron	Outdoor use (standard outdoor use)
A25	25 micron	Outdoor use (industrial / coastal area or BS)

### Anodising colours

CODING	COLOUR	CODING	COLOUR
ALUNATURE01	Natural (C0)	ALUBRASS01	Light brown brass
ALUGOLD00	New silver	ALUBRASS02	Medium light brown brass
ALUGOLD01	Champagne (Very light gold)	ALUBRASS03	Medium dark brown brass
ALUGOLD02	Gold (VOM2)	ALUBRONZE01	Titanium - light bronze (C31)
ALUGOLD03	Dark Gold (VOM3)	ALUBRONZE02	Medium - light bronze (C32)
ALUCOPPER01	Light copper (orange)	ALUBRONZE03	Medium bronze (C33)
ALUCOPPER02	Medium light copper	ALUBRONZE335	Medium dark bronze
ALUCOPPER03	Medium dark copper	ALUBRONZE04	Dark bronze (C34)
ALUCOPPER04	Dark copper	ALUBLACK01	Black (C35)
ALUOLDCOPPER01	Light old copper	ALUGREY01	Anthracite dark grey
ALUOLDCOPPER02	Medium old copper	ALUBLUE01	Dark blue
ALUOLDCOPPER03	Medium dark old copper	ALUGREEN01	Dark green
