Interpon D2015 Précis Ultra Matt

Non-reflective Superdurable Powder Coatings

When you design, you want to create the extraordinary. You want your buildings to be on trend, to stand out from the crowd and to build a lasting legacy. Interpon Précis Ultra Matt enables you to give ultra matt surfaces a glint of brilliance and luminescence, to create surfaces that allow light to dance across them, and to imagine buildings that inspire.

The new Interpon Précis Ultra Matt creates a fine mica effect that transforms the appearance of non-reflective surfaces depending on the way the light reflects on them. And with superdurability that is backed by a 40-year warranty, architects can now provide their creations with the highest levels of protection and the best quality finish.

Leading benefits

The Interpon Précis Ultra Matt range is enabling architects to unlock new and exciting potential in the world of architectural design and comes with a host of other benefits.

Realizing imaginations

Your imagination knows no bounds. And nor should the products you use. Not only does Interpon Précis Ultra Matt create a new world of possibilities for ultra matt surfaces, it also comes in an inspiring range of on-trend solid and metallic shades.

Good looks that last

With a superdurable performance backed by a 40-year warranty, as well as significantly higher gloss retention, resistance to color change and film integrity, you can be sure that your buildings will remain symbols of creativity and luminescence long into the future.

The sustainable choice

The architectural community is demanding a greener, safer world. So are you. Which is why you can turn to Interpon as the stand-out performer. Backed by an Environmental Product Declaration (EPD), confirming the sustainability performance of the product through its lifecycle, Interpon Précis Ultra Matt doesn't just provide amazing looks but is also helping to realize a sustainable future.

Features	Benefits
Superdurable performance, resistance to color change and excellent gloss retention	Aesthetic and functional protection to ensure that buildings can stand the test of time Protection against weathering
Range of on-trend finishes	Great appearance
Environmental Product Declaration (EPD)	Help buildings achieve higher leading sustainability certifications such as LEED and BREEAM
